#### **Summary**

I am an ancient historian and nautical archaeologist specializing in Mediterranean maritime history and archaeology, with a focus on naval warfare, warships, and naval rams. By integrating disciplines like classics and experimental archaeology, my research offers innovative perspectives on the history, technology, and cultural significance of ancient maritime societies.

#### **Certificates and Skills**

##### Certificates

- 2024    **Conservation of Archaeological Materials Certificate** (Texas A&M University):  
The Conservation of Archaeological Materials Certificate provides a thorough knowledge of the latest artifact conservation methods and their application. Artifacts recovered from underwater sites are unstable when recovered and immediate conservation is necessary to ensure that the artifact does not deteriorate once out of the water. The certificate consists of formal courses in artifact conservation and practical application of that knowledge. Traditional approaches to artifact conservation are covered in detail as well as methods recently developed.

##### Skills

Ship Line Drafting/Drawing • 3D Printing (LulzBot TAZ Workhorse, Bambu Lab H2S) • 3D Scanning (Artec Leo, FaroArm, Einstar Vega) • Photogrammetry • Artifact Sketching • Artifact Photography • Artifact Casting, Replication, and Creation (Epoxy, Silicone, Lost-wax, Sand)

##### Language Proficiency

Ancient Greek (Proficient) • Latin (Novice) • German (Reading Comprehension) • Italian (Reading Comprehension)

---
